

Fall Back Sales Event!

Save 15% on AkroLUBE II purchases thru December 31st, 2018***

Use code AkroLUBEFall18

AkroLUBE II is specifically developed for use with your machinery to help provide consistent test results and ensure repeatability. AkroLUBE II is the only tire lube recommended for use with your equipment. Other forms of lubricant can decrease throughput and increase testing variability.

AkroLUBE II is specifically designed to ensure tire adapters and rims function correctly without excessive friction that can damage tooling and tires.

Other lubricants contain harmful ingredients that can damage the tooling's protective coating, causing tooling to wear prematurely and have been shown to cause corrosion to exposed metal surfaces. Protect your investment by using only Micro-Poise[®] AkroLUBE II for your tire bead lubrication.

PART #	DESCRIPTION	SAVINGS
57-04476	270 Gallon Tote Ready-to-use	15%
57-04472	270 Gallon Tote 1:1 Concentrate	15%
