Micro-Poise[®] offers an extensive selection of load cells designed specifically for our Balancer & Uniformity machines. Micro-Poise[®] strongly recommends that all customers keep critical and maintenance spares in stock, especially load cells. Many of these load cell products are proprietary to AMETEK Micro-Poise[®] and have been specifically designed to achieve optimum performance with all tire and tire & wheel assembly testing machinery. Replacement kits are available to help minimize down time and get production up and running quickly. Having correctly identified spare parts in your stock, will ultimately save you time and money. Please contact a Micro-Poise[®] sales representative today for details.
